

PLEASANT HILLS – 17-18 May 2003

The Pleasant Hills ride was a great success, and the local community will remember the weekend we came as Sunday brought some welcome rain. Riders assembled in Wagga on Saturday morning and headed off to Mangoplah for morning tea. A short 20km ride to Yerong Creek for lunch before riding on to Pleasant Hills. The last 10km tested tired legs with the undulating hills, none very steep, but just a number of them.

Ninety-four km in all for the day but several riders worked a car swap to ride the distance with which they felt comfortable. After showers there was plenty of time for socialising at the Pleasant Hills Community Hotel before dinner. Cards then filled in a very pleasant evening.

Sunday morning was cloudy and the rain started about an hour into the ride. Although riding in the rain is not pleasant it was great to see. Lunch at The Rock was very welcome with a chance to change into dry clothes. Again several riders decided that The Rock was sufficient riding for the day and travelled back in the cars. Everyone was back in Wagga by 2.00pm ready for warm showers and a quiet afternoon. Thank you to Geoff for the organising and to all the riders and drivers for another successful club weekend. This trip will definitely be on the ride calendar in 2004.
